

# FOOD & BEVERAGE INDUSTRY

- SPECIALIZED EXPERTS IN YOUR BUSINESS

A great dining experience is one where customers are made to feel extraordinary. Restaurants and taverns that excel in consistently providing a unique dining experience for their patrons see greater profitability through customer loyalty and word of mouth marketing.

Much like the Food and Beverage industry, insurance agencies are constantly seeking ways to distinguish themselves against their competition. We recognize the level of service required to successfully operate your business. As your insurance expert, we connect you with the most comprehensive insurance plan for your establishment.

The financial consequences resulting from losses on, or to, restaurant property can be substantial. Proper assessment of potential hazards is paramount in controlling losses. Wine Sergi's professional staff has significant experience in the food and beverage industry. We provide a detailed analysis to connect you with the proper coverages to fit your business' unique needs.

In addition to Property, Liability, Workers' Compensation, and Umbrella policies, the Wine Sergi Food and Beverage Insurance program includes these industry-specific coverages:

- Liquor Liability
- Hired & Non-Owned Auto - Including Delivery
- Equipment Breakdown
- Food Spoilage and Contamination
- Business Interruption
- Guests' Property
- Sexual Harrassment and Discrimination - Including Third Party Exposures

Your establishment has service-oriented employees to assure your patrons are provided with an enjoyable experience. At Wine Sergi, we hold ourselves to the highest of standards, and given the opportunity, we are confident that you will recognize and appreciate the level of service provided by our Food and Beverage team.
