

## PRIVATE SCHOOLS

The insurance and risk management needs of private schools are varied and complex. The private school team at Wine Sergi will conduct an extensive audit of your insurance exposures and then tailor a program to meet your specific needs. Typically a standard insurance policy will not address many of the exposures facing the Private School community. It is crucial that your insurance professionals have the experience and expertise to properly understand these nuances. Wine Sergi team members average over 20 years of experience handling private and public schools throughout the Midwest.

Our Programs provide specialized coverages including:

- Educators & School Directors Legal Liability
- Professional Liability for School Nurses, Psychologists, Counselors, and Vocational Therapists
- Sexual Abuse and Misconduct
- Transportation
- Student Accident
- Foreign Travel
- Loss of Tuitions
- Liability for Food Service Operations

Wine Sergi has access to experts in many areas of risk-reduction for Private Schools. We believe that education and awareness of key problem areas will reduce the likelihood and severity of potential liability claims. Some of the topics available for training seminars include:

- Transportation - Including Bus Rodeos
- Athletic Programs
- "Good Touch/Bad Touch"
- Bleacher Safety
- Chemistry Lab Safety
- Woodshop Safety

Representing all the major insurance carriers targeting the Private School community, Wine Sergi will provide your organization with the broadest cross-section of this specialized marketplace, with the least amount of time invested by you.
